

## SCHOOL BOARD BYLAWS

Formulation and Approval of RegulationsA. Formulation

The Stafford County School Board shall delegate to the superintendent the function of specifying required actions and designing the detailed arrangements under which the schools of this division will be operated.

Such rules and detailed arrangements shall constitute the regulations governing the schools. They must be in every respect consistent with the policies adopted by the board.

In the absence of applicable policy, the superintendent is authorized to establish needed regulations subject to later confirmation in policy, should the board so wish.

The board itself shall formulate and approve regulations only when specific State or federal mandates require board approval, and may do so when the superintendent so recommends in light of strong community attitudes or probable staff reaction.

B. Review

The board reserves the right to review and veto administrative regulations should they, in the board's judgment, be inconsistent with the policies adopted by the board.
